Karren xxx

Karren has, as you can see, a lovely, luscious bum that we know all you guys would just love to sink your teeth into. 'My bum does get a lot of attention,' Karren told us. 'Whether it's from guys in pubs and night clubs or builders on the sites or my hubby Gregory you guys always want to get your hands on it!' You can't really blame us can you, we suggested..? 'I suppose not,' Karren replied, 'And if I'm honest, I really love a guy to rub his cock all around my arse crack and pussy before slowly sliding it, inch by inch into my tight, puckered bottom. Then, if he knows what's good for him, he'll fuck me absolutely ragged! I like it best when I've one guy in my behind and another up the front, pumping away at my pussy. This never fails to make me have multiple orgasms and I cum like a bloody machine, thrashing around on the bed like a maniac...'

ULTIMA 1000

Meet Your NEW Editor...

Hi Guys,
And a big, warm welcome from your new editor, Emma-Jane Harley. Now that my predecessor Kerry Matthews has jetted off to foreign climes in order to break the world record for the number of people fucked in an aeroplane toilet, it's up to me to bring you the best in horny wives and shagging spouses from up and down the length and breadth of the country. So, it's a new broom, as they say, which is why you find me getting down and dirty with the cleaning products. There's something about the, oh, I don't know, *antiseptic*ness of these things that really makes me wet downstairs! When that happens, well, you know what it's like guys... I just have to find a quiet corner and run my fingers across my quim until I get those horny feelings coursing through my pussy and I cum! That really is the best feeling in all the world (well, I know that I don't need to tell you lot that!) Anyway, happy reading and wanking as you peruse these pervy pages and I'll see you all next month!
Love, Emma-Jane xxx

PHILIPPA

It was the idea of Phillippa's old man Bertrand to get his wife to pose for us. 'He's French,' she explained, 'And you know what they're like - a little more liberal about these sort of things than a lot of English men. For example, I've got scores of photographs, taken by Bertrand with me either wanking myself off with a great big dildo or being fucked by some well hung stud. Sometimes Bertrand likes to take a back seat and just wank while we fuck and other times he is really involved and as I'm being stuffed in the twat, he'll take his prick and rub it around my face before slipping it into my mouth. Either way, I'm guaranteed a good time! I love the feeling of his cum on my tongue when his ejaculate hit's my mouth in great jerking globules. I know I sound like a real harlot, but I just can't help it...' Don't mind us, you go right ahead, in fact any chance of us joining in!

Wanna spunk into my tight hole? I know you do so call me now! I'm waiting, I'm filthy & I'm 100% Live

Ruby & Madonna

Live on Fantasy121.com

Ruby loves to take Madonna by the ears and grind her face in to her pussy. 'Yes, I certainly do,' she told us as we shot this set while they were on a break from the rampant, virtually non-stop, shagging on the Fantasy121.com web site. 'I get so wet when I've got that girl's head between my thighs,' Ruby continued. 'She knows just what to do to make a girl juice like *that*!' the saucy little minx concluded with a snap of her fingers. Madonna wasn't exactly backward in coming forward when it came to describing Ruby's considerable attributes too: 'Ruby could have been made for the Fantasy121.com web site because she's absolutely bloody well insatiable. Morning, noon and night she's up for it and so it's a good thing she's in the house where there are girls on tap and ready to fuck whenever! She also get's really turned on by the camera and by the the thought of everyone out there tossing off their huge dicks (our own hubbies included!) as she get's busy with my clitoris... A whole world of sex at your finger tips and just the click of a mouse away? Whatever will they think of next?

Sophie

Sophie likes to flash her panties at complete strangers - either on film as in these photos or on the bus. 'I was on the bus the other day with my husband Roderick and giving all the other passengers are good eyeful of my pink panties. Several of the guys were loving it as was my husband, who this display was primarily for. I know just how horny my flashing makes him... I could feel his erect cock throbbing against my leg as all the other punters eyed me up. Needless to say that when we arrived home, Roderick took me upstairs and rogered the bloody life out of me!'

GERI

31-year-old wife, Geri, has no problem with waiting for her hubby to get home from work before she can slide on his pole! Since Geri decided last year to start doing glamour work she has done so well that husband Roy has given up working in an office to become her full time modelling representative. 'Now I can just sit at home with Roy and have sex whenever the mood takes us,' she says, glancing at hubby as he watches the shoot. 'It's great - I get to take my clothes off for the public and not only does he get to watch but he also reaps the rewards too! It couldn't get much better than this...well, unless we decide to get into video work!'
